TMSA Reply to AMSA Draft Constitution

Dear All,

The TMSA Committee having viewed the AMSA Draft Constitution and the associated By-Laws and Governance documents supplied on the AMSA web page, is unable to accept the conditions therein.

It is hoped that through consultation and inclusion that in a combined review, by all the State and Territory Associations a satisfactory redraft will be accepted by all leading to reunification and reconciliation between all Associations and AMSA.

Until the above occurs, TMSA will maintain its current position with the National Body.

Regards,

R.W. Thomas
TMSA President
