- 10.3. AMSA has responsibility to ensure that insurance coverage is available to all Members in a cost effective way. Open or restricted tenders are called for on a periodic basis to achieve this. Coverage under the AMSA insurance policy includes:
 - (a) Public & Products Liability Insurance;
 - (b) Officers Insurance;

Also it is important to take up additional insurance coverage where the valuation of assets, buildings and equipment exceed the capped values in the AMSA insurance policy.

- 11.2. These publications reflect AMSA's policy to take a common integrated system approach to managing safety throughout Men's Sheds which incorporates statutory as well as the common law principles. Such approach simplifies administration and ensures that the need to replicate tasks is kept to a minimum and that the key elements of risk management, providing adequate instruction, training and accreditation, together with record keeping and continuous improvement are carried out.
