

Continuity and
Succession
In Men's Sheds.

09.04.2009

Researching a New Shed Activity.

- How many members are really interested.
- Will it attract new members.
- Will it benefit the community.
- How much will it cost and where will the funding come from.

12.05.2009

Researching a New Shed Activity.

- How will it affect the neighbours.
- Is it safe for the men in the shed, visitors, clients, neighbours?
- What is the expected duration.
- What will be the cost of termination
- (Removal of infrastructure, depreciation etc).

12.05.2009

Progressive Retirement.

- Provides an opportunity for “new” candidates to stand.
- There is an expectation that a position will be available well beforehand.
- There will be continuity through those who continue on.
- Provides a rest and recovery time for those who may wish to return in time

Ulladulla Men's Shed Model.

- Committee of seven members.
- One “executive” member, and one ordinary committee member retires each year.
- Members can stand for re-election, but recognise a need to give others an opportunity.
- Potential for total turnover every four years.

Seamless Transfer of Responsibilities.

- Incumbent + New officer (training on job =
- Not ideal, but better than a “cold start”

- Incoming Officer + Incumbent (training prior to commencing in the role) = Better.

- Outgoing Officer + New Officer + Incoming Officer for the next year (working as a team) =
Ideal
